

A::A::

*Ecclesiastique Summae*

Do what thou wilt shall be the whole of the Law.

*"I understand that He - whoever, whatever He may be - is He for whom we all so long had waited."*

*The Heart of the Master.*

*Thelema*, the Word that is Our Law, has issued from the mouth of the A::A::. This Law encapsulates within itself a formula of emancipation, a formula which has been delivered to the World, delivered to Humanity, by a Certain One who has been charged with the care of ensuring that His message does not go astray, or worse still become corrupt, as it did in the days of old when the Sacred Law had fallen prey to weakness and sickness of the hearts and minds of men, the very same men for whom the old Law had been formulated to redeem.

Now it is a new Law, and a new Dawn that is birthed upon the Horizon and this Law is *Thelema*.

The Keepers of the Key to this Law are the Brothers of the A::A:: within whom the Law is fulfilled. They are Masters, Visionaries and Prophets of the past, present, and the future. They bear the Chalice of the Holy One and Serve as Disciples of the Master. Their vision extends beyond the limits of the Sacred Law, yes even beyond the Aeon of the Child, unto the *Ages* beyond the *Ages*.

These are the explorers that have abandoned all, so as to mark new territory. For they have crossed trackless wastes (irrigating the Deserts as they go) in order that a Path may be made open, whereby others who also Aspire to Serve their fellows (in ways unimaginable and for the most part incomprehensible to the many) may make the journey from **THIS** to **THAT**, from the Temporal to the Sempiternal, from the realm of Man to that of God.

And, as above so below. For though the Masters of the Temple sit hooded encamped upon the Sea in the City of the Pyramids - the final Adjustment having taken place, and the straight Path of the Balance achieved - the echo that is the Voice in the Silence and the reflection of the Night of Pan, that is the Darkness of Night, does manifest to them below as a blazing orb of Glory, the Lord of the Chariot of the Sun.

But let it be known that the Brothers of the A::A::, the *Ecclesiastique Summae*, the Supreme Chiefs, are themselves not bound by the Law of *Thelema*. And this despite the fact that it is they who together had convened and thought it fitting that this Word *Thelema* should be delivered unto the World of men.

Should this Word that is Our Law, that contains the Formula for the complete emancipation of the Human Race, give way and become corrupt, defiled and abased, as it did long ago with Him and those who walked beside Him, the Brotherhood will abandon this mission that is the Law of *Thelema*, and another Way will be sought.

*“Another prophet shall arise, and bring fresh fever from the skies.”*

*Liber AL iii.34*

Nonetheless We are hopeful, and the Way has been made open for those who would dare to tread the Path. Know also that He that was the last has come again, He is the Voice in the Silence and the Dark Star fallen upon the Earth. Those who did once walk beside Him, shall walk with Him once more. He is the **Way**, the **Truth**, and the **Life**, **V.V.V.** He is the Light of the whole World. In His heart all Men and Women exist, for He is all Women and Men. Thus within the heart of Man and Woman does He Himself exist. He is the **All-glorious One**, and it is He with whom we seek to unite ourselves, until the identification is complete, until there is no more I and He, for We have become **One**, and **None**!

*“I await Thee in sleeping, in waking. I invoke Thee no more; for Thou art in me, O Thou who hast made me a beautiful instrument tuned to Thy rapture.”*

*Liber VII vii:13*

To know Him as He is, in Himself, is the **Way** that leads to **Truth**, in **Life**. For just as a prism reflects a single beam into the spectrum of the rainbow, so too has He that was, and is, and is to come, walked side by side with mankind, appearing now here, and now there, in many different forms, wearing different garments of both human and divine appearance:

In ancient Egypt He did appear with the head of an Ibis, as both the receiver and the transmitter of the Word of the Most Holy. He was then (as He is now) the Lord of all Magick.

To the Greeks, He was the divine runner that bore the Word unto the Mighty Cities, with winged heels, and winged helmet. It was He that enlightened the people, whose achievements and advancements in rhetoric, philosophy, and commerce (to name but a few) to this day stand as testaments to the genius of mankind.

To the Romans, He was the child of Maia and Jupiter, and He brought the wisdom and eloquence of communication and poetry to the people. He was also the guide of the soul during its journey through the Mysterious Region, the journey through the Underworld.

These are just but a few of the footprints that He has left upon this World, for His strides are great and He has crossed many lands, cultures, and beliefs, that He be made known as He is in Himself. He is also the Child, the Sun/Son that is both the Mother and the Father, of the Son that is He Himself.

His encounters with mankind have always been marked by catastrophe and advance, for His Light is an illumination to the aspiring and a flame of destruction to the deceitful. He was birthed long ago within the borders of Palestine and sought to liberate His people. Yet the depth of their corruption was so great that the mission was abandoned.

He has returned and His Word *Thelema* serves as the Crown that mankind is capable of wearing. For every man and every woman is a Star, every King and Queen is worthy of this single Crown and of the Royal Garment that drapes down from the left and right shoulders of Wisdom and Understanding. Each Royal bears upon his or her breast the Golden Jewel of the Sun which is the Heart of Man, Human and Divine.

Within this Jewel that is the Sun, that is the Heart of Man, dances the Child of **L**ight, **L**ife, **L**ove and **L**iberty. He is the Son that is heir to the Throne, as each of us are potential heirs to the Throne of the King within ourselves. For His Throne is Our Throne, His mission is our mission, and we rule by His Divine Rule which is Our **L**aw.

He is the **I**nstructor and His is the hand that points the Way for those upon the Path of the Great Return. His Officers, those of the Inner College of **A::A::** are those who have experienced the Knowledge and Conversation with Him, who are Governed by Him, for it was He who established the Holy Order, and the Inner and Outer Colleges function under His Auspices. He will appear to each just in so much measure as their capacity to receive Him affords them. And He will commune with each in said manner also. We shall eventually come to dwell within the Heart of the Master, and He within us, until the exchange is complete and the identification made perfect. So shall we attune our Wills to the Will of God, to the Will of the Holy One, to the Will of the Holy Guardian Angel, and His Law shall become Our Law, and Our Law become His, for there is no more Him and Us, for we shall become One and None. Amen.

Furthermore, there is a school that must be mentioned, a school which like the **A::A::** is governed by the Authority, and functions under the Auspices of the Master. Yet to those that abide without the Threshold and to the majority of those within this school, He remains a "**S**ecret Master", His Governance, that is the Voice of His command, is spoken through the mouths of men. Only to the highest Initiates of this school does He speak directly. This school is the great sifting pot of humanity. It deals primarily with the affairs of men and women within society, and strives to govern its people based on the principals of the enlightened. This school is called the

Ordo Templi Orientis O.T.O. The O.T.O. has accepted the Word of the Law and has sworn to bring its Members to the gradual fulfilment of this Law within themselves, and in turn they themselves within society. Its experiment continues in earnest, and once again We are hopeful.

Love is the law, love under will.

Giuseppe Zappia.  
Anno Viii.
